

Kurzweil 3000 for Windows Web License

Anytime, Anywhere Learning

by Kurzweil Educational Systems

Grade 3–Adult

Kurzweil 3000 Web License

Kurzweil 3000® is an integrated reading, writing, and study skills software that enables students with learning disabilities and students who have the cognitive ability but not the reading ability to learn from the same grade-level content as their peers.

Use of *Kurzweil 3000* Web License software provides access to the Universal Design for Learning (UDL) support tools and differentiated instruction that many students need at all times, not just when they are in school.

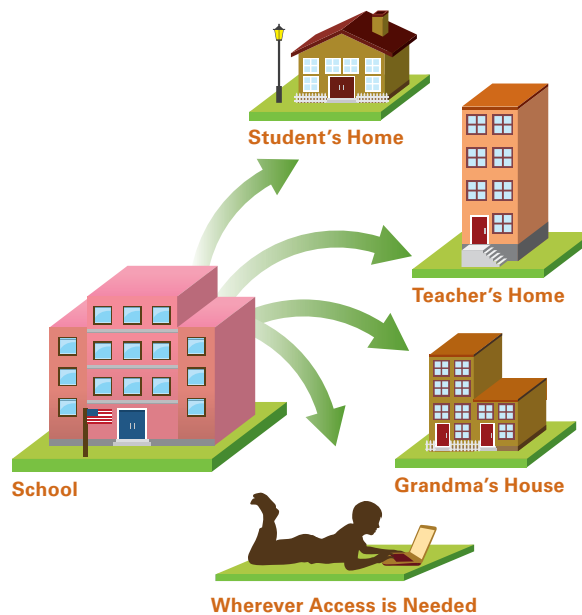

Kurzweil 3000 Web License adds cloud-based file storage services to the full set of tools already included in all versions of *Kurzweil 3000*.

Leveraging the flexibility of the Internet, students can now log in to *Kurzweil 3000* from any computer where the program is installed, work within their own customized user interface, and complete school work at their convenience.

Kurzweil 3000 contains many new features and enhancements such as an increased focus on eContent accessibility, language learning support, and process writing development. Users of the Web License Edition can now pursue academic success anywhere and anytime!

Benefits for Students, Teachers, and Specialists

- Web-based file storage provides accessibility to media wherever, whenever needed
- Unique accounts maintain personal preferences for each user
- Full set of *Kurzweil 3000* literacy tools available from any Internet-connected computer

Benefits for Schools, Districts, and IT Administrators

- “Cloud-based Storage” eliminates the need for server storage space and makes files universally available
- Supports all learners from low to high performing
- Meets the myriad needs of students from any service location
- Provides ability to address Individual Educational Program (IEP) goals and benchmarks across schools
- Addresses all tiers of Response to Intervention (RtI)

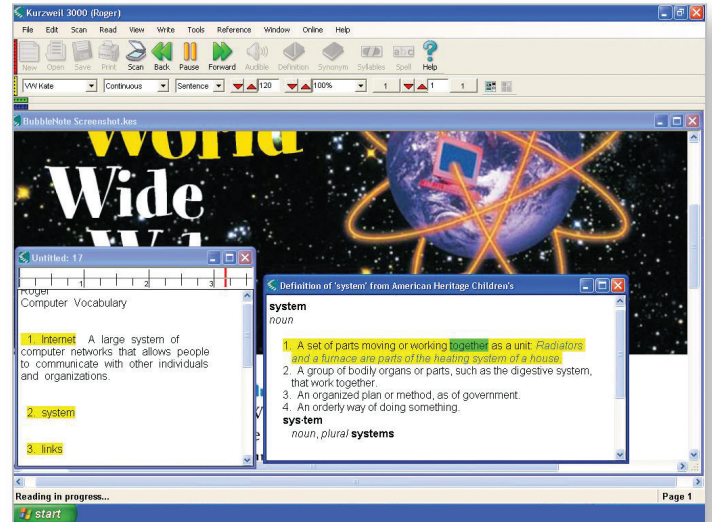

Teaching and Learning Happens Anytime, Anyplace

Kurzweil 3000 for Windows Web License Edition was developed to address the needs of learners well beyond institutional walls and the barriers often encountered in storing and sharing files among many users. These issues are directly addressed with the addition of several new web technology solutions. Roaming user profiles allow individual preferences to travel wherever a learner logs in to a *Kurzweil 3000* Web License client. A web-based Universal Library makes files available anywhere the *Kurzweil 3000* web client is working and an Internet connection exists.

For the Student Anytime, Anywhere Learning

What probably surprised me the most [about Kurzweil 3000] was that I could “free-read,” actually just read a book for fun, which was something I never would try to do before. Kurzweil 3000 makes books a lot simpler to get through. I understand what I read the first time, remember everything, and do not have to go back and re-read paragraphs. **READING** is actually enjoyable. **STRUGGLING** through reading isn't.

—Craig Langton, 2010 graduate of the University of New Hampshire and now employed as a civil engineer
